

The Raptor Trust

35th Anniversary Celebration

Thursday, September 27, 2018

Celebrate The Raptor Trust's 35th anniversary at The Stone House at Stirling Ridge, located in Warren, NJ. It will be an evening of fun as we honor long-time friend, supporter and Board of Trustee Chairman, Bill Conger.

The Raptor Trust Mission:

- To provide free care and assistance to injured, sick or orphaned wild birds.
- To educate people about wild birds, especially birds of prey.
- To provide a human example for others.

What we do: The Raptor Trust cares for over 5,000 orphaned or injured wild birds each year. In the organization's thirty-five years, over 120,000 raptors, songbirds and waterfowl have received care from our dedicated staff and volunteers. Each year our Education Team carries out over 150 programs on campus and at local schools, libraries, scout groups and community organizations.

Supporting the 35th Anniversary Celebration and The Raptor Trust:

- Prominent corporate logo/name placement throughout the event on Soaring Stories of Success and electronic screens
- Sponsor *Soaring Stories* with your name and logo printed on storyboards which will celebrate the injured birds' journey to The Raptor Trust and the exceptional care and treatment received to nurse it back to the wild.
- Targeted publicity through social media and published logo on our website
- Acknowledgement and recognition on our website and other marketing materials
